

Here comes another cart-full of gifts!

In 2020, because of the pandemic, we could not put up our usual Giving Tree in church for people to congregate around as they chose the children they would get gifts and fill stockings for. We set up a virtual giving tree, first collecting names of people who would give gifts in order not to over-promise. We knew that only a portion of the church members were getting communications from the church during this time, so we did not know how many families we could help. After a slow start we saw again how generous the people of Holy Spirit are. We were able to deliver gifts to 132 children and give each family a ham and a \$40 gift card to Aldi's grocery store.
